

PERSONAL STATEMENT

I am a 21 year old student studying English and Drawing at Drake University. I am also enrolled in the Honor's Program at Drake University, as well as a member of the national service fraternity Alpha Phi Omega. I love everything that has to do with literature, analyzing text, novel research, visual development, illustration, digital art, and I feel a true devotion for hand-made creations.

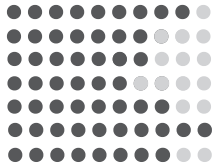

I have one year of experience working as part of a team on an assembly line at HNI Allsteel, two years of experience working as a sales associate for Family Video, and one year of experience working closely with other students as an editor of my school's art and literary magazine. I'm ready for a challenge, and I have the ability to learn new things quickly and efficiently! I love working with people, especially if they have the same passion I have for the job at hand.
